### Dr. Pierce's Favorite Prescription,

Br. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmiess character, but is a medicine of an amount of the uncertainty as to their harmiess character, but is a medicine of a list ingredients being printed, as plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicina put up for the cure of woman's peculiar weaknesses and aliments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the aliments for which "Favorite Prescription" is recommended.

A little book of some of these endorse-

that too as remedies for the aliments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Plerce, Ruffaio, N. Y. Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate asinfents, is not a patent or secret medicine, being the "Favorite Prescription" of a regiliarly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingresients are printed in plain English on every bottle-wrapper; that it is the only medicine especially designed for the care of woman's diseases that contains no alcohol, and the only we that was a professional endorsement worth inter than all the so-called "testimonials" over published for other medicines. Send for these endorsements as above. They are free for the asking. If you suffer from periodical, headache, backache, dizdness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weaking, catarrhal, pelvic drain, or are in discress from being teng on your feet, then you may be sure of benefit from taking. SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpi-cide, the new scalp antiseptic. Herpiolds destroys the germ that cuts the hair off at the root; and cleans the sculp of dandruff and leaves it in a perfectly bealthy condition. Mr. Manuett, in the Maryland Block, Butte, Mont., was en-tirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by cov-ering his head with thick hair an isch long, and in six weeks he had a normal suit of hair. Sold by leading druggists, Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich. Two sizes—59 cents and \$1.00. E. S. Leadwester & Sons, Special Agents.

Rev. Dr. Morgao Dix bas issued a statement concerning the income of the Corporation of Trinity Church, New York, which places the amount received from all sources, excepting collection in the churches, at \$775,000 a year. It has been reported for many years that Trinity's income amounts into the mill-ions and the corporation was said to be the largest single owner of real estate in New York.

erty held by Trinity, but the statement sets forth that there are only three saloons on the estate, one in a high-class

restaurant and two on lots where long leases are said to put the control of the property out of the corporation's management.

Hermann H. Cammann, comptroller of the Trinity Corporation, says it would be difficult to give the real amount of the church's holdings at this time. The property first consisted of the Queen's Farm and the Queen's Garden, which were granted by Queen Anne in 1705. Much of this, he says, has been given to other churches and sold to individuals.

Attempted Suicide of a Merchant. Benedict Gimbel, the wealthy Philacharge of exerting improper influence over Ivor Clark, a 16-year-old boy, and attempted bribery of the county detectives who made the arrest, was in St. Mary's Hospital, Hoboken, N. J., last night unconscious from wounds believed

to have been self-inflicted. The doctors sy he may recover. Bleeding from gashes on his throat and severed arteries in both wrists. Gimbel was found at 7 o'clock last night in a room which had been engaged the night before at the Palace Hotel, in Hoboken.

He was unconscious from loss of blood when he was removed to the hospital, where an examination of his effects made certain his identity.

Late Thursday night Gimbel was re-leased from the Tombs under \$6,000

bonds. It appears that immediately fol-lowing his release Gimbel crossed on a ferry to Hoboken, and went to the Palace Hotel, registering there as Wilson Heldge of Trenton, N. J. He is supposed to have broken a glass pitcher and cut his throat with one of the pieces.

Holiday Proclaimed,

Governor Swanson yesterday issued the following proclamation regarding the opening of the Jamestown Exposiall State offices and the general observ-

ance of the day as a holiday.
"Whereas the Jamestown Exposition which is designed to celebrate the begin-ning of the Commonwealth of Virginia and of the United States of America, will open on April 26, 1907, and will be attended by the President of the United States, Governors of many States and other distinguished guests and visitors, it seems proper that this event should be fittingly observed.

"Therefore I, Claude A. Swanson, G vernor of Virginia, in order to enable the State officials to attend, do direct that all the State offices close that day, and further request that the people of the State as far as possible attend the opening exercises in order to show their interest in the success and laudable pur-

poses of this Exposition.
